Seeking a challenging role in a dynamic organization where I can utilize my 3 years of experience as an IT Professional with Cloud and software environments. Skilled in Infrastructure as Code using Terraform, proficient in Python and Bash scripting for task automation, and experienced in implementing and managing Infrastructure as a Service (IaaS) solutions. Looking forward to optimizing workflows, leveraging cloud services to their full potential, and contributing to a team that values innovation and efficiency.

WORK EXPERIENCE

APPLICATION SOFTWARE ENGINEER

Fujitsu Philippines
April 2022 - April 2025

Cloud Technology
- Worked with cloud service providers (e.g., AWS, Azure) to configure services and integrate them into existing systems.
- Utilized tool like Terraform for efficient resource provisioning and Docker with k8s for containerization.
- Proficient in Python and Bash scripting, used to automate tasks and optimize system performance.
- Experienced in implementing robust security measures in cloud environments, including managing access controls, setting up firewalls, and conducting regular security audits.

Software Development
- Supported system upgrades and migration of files to new platforms.
- Collaborated with cross-functional teams to identify, troubleshoot, and resolve bugs, enhancing system functionality and user experience.
- Reported on task progress, testing results, and system status.

TECHNICAL SUPPORT REPRESENTATIVE

Infocom / PLDT
May 2021 - November 2021

- Assist customers with technical issues related to telecommunication services, such as internet, phone, and network problems.
- Diagnose and resolve technical issues in telecom networks, equipment, and systems.
- Record and document technical issues, solutions, and service requests for future reference and reporting.

JR WEB DEVELOPER

Solid Trust Trading
January 2020- March 2020

- Responsible for designing, coding, and maintaining websites or web apps.
- Worked with back-end technologies (e.g., databases, servers) to manage the site's functionality
- Collaborated with other developers to ensure the website works smoothly across various devices and browsers.

SKILLS

Hard Skills
- IAAC
- AWS Services
- Jenkins
- Cloud Services
- Database
- SQL
- DevOps
- Iaas
- Kubernetes
- Network
- Linux
- Python
- Terraform
- Version Control
- Git
- Docker
- Java
- Azure

Soft Skills
- Adaptability
- Analytical skills
- Creativity
- Change Management
- Continuous Learning
- Collaboration
- Incident Management
- Innovation
- Problem-Solving
- Project Management
- Resource Allocation
- Risk Management
- Strategic thinking
- Team Player
- Work Ethic

EDUCATION AND CERTIFICATION

BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY
STI - Systems Technology Institute - Sta Mesa
